

Referring Practice Information				
Referring Site Name		Athena Org Code (Org Code can be provided by customer request to Athena)		
Referring Site Location <i>Street</i>	City		State	Zip Code

Point of Contact for Testing/Setup		
Name	Email	Phone

[illegible]

## Onboarding Process

1. Your Account Executive will complete the form and submit it to the Interoperability Team at Akumin. Interop Team will add appropriate routing rules for the submitted site and referring physician list for electronic order/result data to pass through AthenaNet interface.
2. Referring customer site will need to submit a request via their customer support portal or email Athena Health's interface team at **athenaNetwork@athenahealth.com** to "disable faxing and enable electronic image order and results with the {Alliance operating site} for their AthenaNet EMR instance". Email Communication can CC the Interop team at **it-interops@akumin.com**

*For list of enabled Alliance operating sites reach out to the Interop team at the email listed*

3. Once Athena confirms enabling of interface for the referring customer, they can submit imageorder script via instructions documented in document "Streamlined Imaging Orders Interface Quick Reference Guide"

Akumin imaging service center will display with an Athena logo  next to the Imaging Facility name. This selection is critical as that the enabled electronic interface listing on the AthenaNet EMR network. (see screen shot)
